30 Day Prayer Guide

Volume III

Dear Friends of Student Ministry,

You are reading the third installment of our prayer guides. Thank you so much for participating in this prayer ministry. I am convinced that we are changing the world. We may not see it, sometimes we do not even sense it, but God is answering our prayers.

In this volume we highlight the Pennsylvania Department of Higher Education schools. After we have prayed through that list we will continue on, in alphabetical order, praying for the universities in PA. We are still using Luke 10.2 as our main thrust in prayer. We are asking God to send forth laborers in to His harvest field.

Speaking of Luke 10.2, I want to remind you of a stat that I often like to share. Namely, since 2014, Chi Alpha has seen a 97% growth in the number of affiliated workers. The number jumped from 668 to 1,320 between April 2014 and April 2019. Campus Crusade for Christ and InterVarsity have reported increases in workers as well. God is still calling people to work in His harvest field.

Once again you will notice that there are suggested prayer requests for each school. As always, we are not expecting each person to pray each request for every school. Please, allow the Holy Spirit to guide you as you pray.

Thank You again for investing time into this next generation. Only eternity will tell what we helped along and what we were able to hinder.

Be Blessed,
Joe and Heidi Barrale

Covid-19 Update:

Instruction this fall will be primarily remote. This will decrease the population density on campus and ensure academic continuity for you. This also removes the possibility of a sudden switch in instruction during the semester.

Fall semester begins Aug. 17, 2020. Following Thanksgiving break, students living in university housing will remain off campus. Students who opt to live in university housing should arrive at their previously scheduled move-in time.

Covid-19 Update:

SRU will deliver courses in both distance and multimodal fashions for the fall semester. Multimodal delivery uses in-person classroom instruction in addition to synchronous and/or asynchronous online technologies. Multimodal courses must include the option for in-person instruction for a portion of the class. Faculty members select how to use synchronous online and/or asynchronous online learning for other portions of the class. Utilization of multimodal instruction will allow a smooth transition to a fully remote/online structure if COVID-19 conditions result in a suspension of in-person instruction. The following guidelines will inform instruction:

Covid-19 Update:

Cabrini plans to resume on-campus instruction on August 31, to be conducted with a mix of in-person, hyflex, and remote modalities and with intentional safeguards and mitigation measures that follow the best practices and guidelines from the CDC.

Following the Thanksgiving break, classes and finals will be conducted in an online-only modality.

Covid-19 Update:

Cairn University will begin undergraduate and graduate classes for the Fall 2020 semester on Monday, August 31, 2020. This is the date previously established for the academic term. While some institutions of higher education have altered their start date, Cairn's position is that the best course of action is to maximize the summer break before returning to campus. In addition, we will follow our normal fall semester schedule with fall and Thanksgiving breaks and the semester ending after exams on Friday, December 18, 2020. At any point during the semester, the state could change the status of the COVID-19 response color phase, dictating the need for Cairn to alter the semester schedule and related activities. Cairn is prepared to pivot course and adapt as needed.

Prayer Requests:

- 1) Jesus said in Luke 10.2 *"The harvest is plentiful, but the laborers are few; therefore beseech the Lord of the harvest to send out laborers into His harvest."*

Covid-19 Update:

We are planning for a return to an on-campus, residential experience for the Spring 2021 semester with a mix of in-person and remote courses. Our planning will require adherence to public health guidelines from the city and state by everyone who maintains a campus presence, and will also accommodate the personal circumstances of our students and colleagues. While we recognize that this will not be a 'normal' semester, I am confident we are all up to the task.

Covid-19 Update:

The sharp rise in positive undergraduate student cases, and the 3 percent positivity rate based on the results returned so far from the surveillance testing performed Tuesday, affirms the step of scaling back campus activity and also demonstrates the need for further action to reduce the spread of the virus among our on- and off-campus student population.

Additional changes will take effect beginning Friday, October 9. We anticipate that these changes will continue through Friday, October 23:

Covid-19 Update:

I want to briefly explain the variety of course formats that you will encounter this semester. Each format will run slightly differently; your faculty members are the experts in the class and will change small parts of it as they see fit. But in general, here is the breakdown of the types of courses you will take. The University is using the term Hyflex—as in a highly flexible format—as the larger category that all of these different teaching styles fall into...Remote, Hyflex, Hybrid, Face to Face, Blended...

Hyflex: Classes combine in-person work and synchronous remote learning. What this means to you is on certain days, you go to a classroom. Other days, you attend class remotely, participating through Teams or another video chat. The remote versions of your class occur in real time, which means you will “attend” class virtually at the same time you would be there physically. For example, you might be in class every Monday at 9:40 and log into class every Wednesday at 9:40.

Prayer Requests:

- 1) Jesus said in Luke 10.2 *“The harvest is plentiful, but the laborers are few; therefore beseech the Lord of the harvest to send out laborers into His harvest.”*
