31 Day Prayer Guide

Volume V

Dear Friends of Missions,

Happy New Year! I hope that Covid-19 did not distract too much from your Christmas celebration. Jesus is always and ever will be, the reason for the season!

Thank you so much for taking the time to pray for college students, staff and faculty. The way the world is heading, they need all the prayer they can get. With that said, you have before you the 5th installment of the Pennsylvania - Delaware Ministry Network Collegiate Prayer Guide (The first four volumes can be found at our website [Adopt-A-Campus.org](https://blog.adopt-a-campus.org).) This month's edition follows no special plan. We are moving alphabetically through the remaining schools on the list as found at the Pennsylvania Department of Higher Education.

Once again, as with the other prayer guides, we are concentrating on using Luke 10.2 as our prayer focus. We are honoring Jesus' request, that we ask the Father, the Lord of the harvest, to send forth laborers into His harvest field. We believe God wants to do a great work among college students. He has done it before and we know He can do it again.

Please remember, that the prayer requests listed for each school serve as a "jumping off point" only. I am convinced that as each person reading these prayer guides asks God for clarity, He will guide them in how to pray supernaturally for each school. Allow the Holy Spirit to lead you into areas of prayer that He reveals to You.

Just as a way of clarity, I have tried my best to find all the ministries, (Christian ministries), for each school. I have tried to locate a leader, or a contact person for each ministry.

Their names are listed as a prayer focus. When it was not possible for me to locate a name, I added a question mark. God knows who is leading which groups.

As a closing note I want to remind you that we have a daily blog (<https://blog.adopt-a-campus.org>) that highlights a new school for prayer emphasis each day. Once you find the blog you can also sign up for a daily email reminder to pray.

Thank You again for investing time into this next generation. Only eternity will tell what we helped along and what we were able to hinder.

Be Blessed.

Covid-19 Update:

“Our distinctive, versatile approach to instruction, **Marywood’s HyBridge Education Model**, will continue in the spring, with most courses operating in the HyBridge model but incorporating a few changes. A small number of courses will run as fully online or fully in-person. In-person meetings can address new academic content; in that event, instructors will offer a parallel and equitable learning experience for “online only” students. ***Instructors may hold HyBridge students (that is, those who do not apply to attend as online-only students) accountable for attendance in the face-to-face on-campus meetings.***”
