33 Day Prayer Guide

Volume VI

Dear Friends of Missions,

Here we are, it is February already! I hope your new year has been off to a great start. The promise that Jesus is the same yesterday, today and forever sure is a comfort!

Once again, I want to thank you for taking the time to pray for college students, staff and faculty. This has to be one of the weirdest academic years in modern history. How much more do they/we need God! Today you have before you the 6th and final prayer guide of the Pennsylvania - Delaware Ministry Network (The other five volumes can be found at our website [Adopt-A-Campus.org](https://blog.adopt-a-campus.org).) This final edition picks up, alphabetically, where the last one left off. Toward the end you will notice several seminaries. Please pray accordingly. What I mean is, not every seminary is teaching real Biblical truth. Pray that God will illumine the hearts and minds of the students and the professors. How tragic would it be to spend several years studying scripture and never know God!

In an effort to not sound extremely redundant I have moved the Luke 10.2 prayer focus to the bottom of the prayer list for each school. It is however our focus. We still want to see God raise up laborers to go into the harvest. We still believe God wants to do a great work among college students. He has done it before and we know He can do it again.

Please remember, that the prayer requests listed for each school serve as a “jumping off point” only. I am convinced that as each person reading these prayer guides asks God for clarity, He will guide them in how to pray supernaturally for each school. Allow the Holy Spirit to lead you into areas of prayer that He reveals to You.

I want to remind you that I have tried my best to find all the ministries, (Christian ministries), for each school. I have tried to locate a leader, or a contact person for each ministry. When available their names are listed. When it was not possible for

me to locate a name, I added a question mark. God knows who is leading which groups.

As a closing note I want to remind you that we have a daily blog (<https://blog.adopt-a-campus.org>) that highlights a new school for prayer emphasis each day. Once you find the blog you can also sign up for a daily email reminder to pray.

Thank You again for investing time into this next generation. Only eternity will tell what we helped along and what we were able to hinder.

Be Blessed.
