## 34 Day Prayer Guide

## Volume II

Dear Friends of Missions,

This is the second volume for the Northwest Ministry Network Collegiate Prayer Guide. It is with a grateful heart that we want to say THANK YOU! Thank you for taking the time to pray for college students, staff and faculty. The college is a very strategic mission field. We know that and so too does the enemy. The Covid-19 season has been a very difficult time for college students. Your prayers are needed now more than ever.

The Spring 2021 Semester has been slightly better than the Spring and Fall of 2020. Most schools have opened up to some degree. Some are still not allowing students on campus. As the summer progresses the Fall of 2021 should be fairly normal, as if normal is ever going to rear its head again.

There are several key prayer points that we want to specifically mention to you. First, we are praying Luke 10.2. Jesus asked us, told us, to pray to the Lord of the harvest, that He would send forth laborers. God is still answering this prayer and many colleges need a gospel witness. The second specific prayer request is to ask God to convict students, staff and faculty of “sin, righteousness and judgment.” Let’s pray that college students will respond to the tugging of the Holy Spirit.

As mentioned earlier this is Volume II of the Northwest Ministry Network prayer guides. The idea and concept of these prayer guides is to provide you with one school per day, for which you can pray. There are statistics and information provided on each school to help guide you in prayer. We have provided a list of the known Christian groups for each campus. When available we have tried to provide names of individuals who are either advisors for these groups or student leaders.

Young adults are facing the same struggles as many other Americans; work, finances, future plans, lockdown, etc. Beyond that pray for this generation as they feel lonely, isolated and anxious. If you know a young adult please make sure you go out of your way to make them feel loved. Let them know that you care for their wellbeing. Have an open ear to listen to their complaints and insecurities. We all need to feel accepted, liked, and not isolated.

This prayer guide was compiled with data from the list found at The National Center for Education Statistics (NCES) [Washington](#), as well as each school’s own website. The list is not in any order of significance, we simply went alphabetically through the list as presented by NCES. (Note: since this is Volume II you will have to scroll through the website at NCES to find the schools represented here.)

Thank You again for investing time into this next generation. Only eternity will tell what we helped along and what we were able to hinder.

Be Blessed,  
Joe and Heidi Barrale

**Covid-19 Update:**

“We wanted to share an update on the preclinical curriculum plan for the Spring 2021 semester. ... campus will return to Level 1 status, as defined in our Campus Reopening Plan, from December 12, 2020 through January 18, 2021. Therefore, the first 14 days of the spring semester will be remote learning only. This will allow you to travel as needed for the winter break, return to Yakima by January 4, and complete a 14-day self-quarantine before Tuesday, January 19, when the campus returns to Level 2 status and regular on-campus laboratory activities resume.

We have also made the difficult decision to cancel Spring Break. The spring semester schedule has been adjusted accordingly so that it will now end on May 7, 2021, a full week earlier. Each class will have 2 **Wellness Days** incorporated into their spring semester schedule.”

“[O]ur Safety & Security team’s action plan that was developed in accordance with the guidelines from the Washington State Department of Health and the Yakima Health District allowed us to chart a course that to this day has led to zero known transmittable cases of COVID-19 stemming from our on-campus activities.

For this, and for everyone’s resiliency, willingness to follow our guidelines, masking up, social distancing, and ability to adapt, I say, “Thank you, and you are all remarkable!” As we go forward together, I would like to encourage all of you to remain vigilant in our efforts to create a safe and healthy environment for not only ourselves, but also for our loved ones and those around us.”

“Each class at RTC has a designated modality:

**Face-to-Face/Web-Enhanced:** Based on the state’s response to COVID-19: online/Remote instruction will replace face-to-face instructional time.

**Flex:** Class exists fully online and fully face-to-face and students have a choice of how to attend on any given day.

**Hybrid:** A combination of face-to-face meetings and online instruction.

Based on the state’s response to COVID-19:

\*Hybrid = online/Remote instruction will replace face to face instructional time.

\*Hybrid A/B = A/B Split – hands-on portion delayed to return to campus time

**Online:** 100% online. (The modality of an online class will not change.)”

“Face coverings are required of all students and employees on campus. All in-person classes require faculty and students to participate in a safety training prior to the start of class. All students, faculty and staff are required to complete statements (Health Attestation) daily that ask if they are experiencing any symptoms of COVID-19. Also, every class space is unique and has a specialized safety plan in place. High-traffic areas are cleaned at greater frequency and classrooms and offices are stocked with hand sanitizer and sanitizing wipes. Students do not work in close proximity unless it is a lab that requires it, and in those cases, PPE (Personal Protective Equipment) is used.”

### **Covid-19 Update:**

“Warrior Flex: Flexible Learning at WWCC  
In brief Warrior Flex is:

- Scheduled zoom classes that meet, are recorded and posted for later access. Students will see their instructors and classmates in real time or have access to the class as needed to meet the needs of each student.
- Select classes will meet face to face where hands-on learning is needed.
- Virtual classes are still a component of our learning process for those with busy schedules.

Life is not the way it used to be so we’ve added flexibility to scheduled classes so everyone, even if you can’t make it to a scheduled class time, can keep learning regardless of your circumstances while prioritizing everyone’s health and safety.”

## **Covid-19 Update:**

“Our faculty have committed to maximizing in-person instruction by using the innovative WhitworthFLEX approach, which emphasizes in-person, hybrid and modular course designs. This approach will allow students to engage with class activities and assignments no matter their individual circumstances. The specific implications of this approach will depend upon class size, a faculty member's ability to be in the classroom, and other particular needs of the course or discipline.... Because of classroom capacity constraints, many classes will employ a hybrid approach. For example, this may entail half of the class meeting in person on Tuesday and the other half of the class meeting in person on Thursday, while the half not attending class will be engaged remotely or with other components of the course's curriculum.”

While all YVC locations remain closed many campus services can be accessed online, via Zoom, phone, and email. Prior to arriving on campus, all YVC students, faculty, and staff coming to campus for specific Workforce Education programs or essential tasks (approved by HR and supervisor) are required to complete the COVID-19 Safety Training and required Health Screening Forms when arriving and exiting campus.”

### Prayer Requests:

- 1) Luke 10.2 “And He was saying to them, “The harvest is plentiful, but the laborers are few; therefore plead with the Lord of the harvest to send out laborers into His harvest.” (NASB)
- 2) Young adults and college students are being hit very hard during the Covid-19 pandemic. Please pray that they will seek out fellowship and a remedy for loneliness.
- 3) As the semester draws to an end, please pray that Christian students will have a boldness and wisdom to speak the truth.
- 4) Please pray for the students who are under a lot of stress during the last 4 - 6 weeks of classes. Pray for the students to find “God Appointments” instead of seeking stress release in alcohol, drugs and sex.
- 5) We are praying for a revival and an awaking to take place on college campuses all across our nation. Pray for a mighty move of the Holy Spirit.
