## 31 Day Prayer Guide

Volume III

Dear Friends of Collegiate Student Ministry,

We want to greet you once again to the Potomac Ministry Network (PMN) prayer guide. This is current volume is number II in a five-volume set of prayer guides. The purpose of these prayer guides is simple. We want to put into as many hands as possible, tools to encourage and equip people to pray for college and universities across the PMN. It is our intention to eventually provide every Assembly of God church in the USA, district by district, the opportunity and tools to pray for college students, staff and faculty.

It is our desire to see a move of God across every campus in the USA. We need your help. Would you pray with us? We are believing for an out pouring of the Holy Spirit to grip the lives of men and women, young and old. Please believe with us as we move forward.

In this prayer guide, you will find statistics for each school listed. We tried to provide you with enough information to make your prayers more precise, but not over-whelming. For example, each prayer guide has information on the known Christian groups on campus. When possible, we have supplied the names of the individual students who are listed as the “first contact” of each group.

Some schools do not show student leader’s names. When that was the case, we have looked for the group’s faculty advisor. That name appears and is so marked. Often, we could not find a contact person at all. When that happened, we inserted a question mark.

Many schools have chaplains or spiritual life offices. Please pray for these men and women, that they too will be sensitive to the leading of the Holy Spirit. The Holy Spirit is not bound by denominations or back grounds. He is able to reach into the seeking heart.

Sadly, you will notice that many schools have no known gospel witness at all. We are believing God to raise up workers for these schools.

As you pray, please remember to pray for the students who live in student housing. You will notice that each school listed below will have a spot to show whether they have student housing or not. A lot of really crazy stuff happens in dorms, especially co-ed dorms!

There is a section on each page for “generic” recommended prayer ideas. Please see this as springboard for prayer. Allow the Holy Spirit to lead you beyond what has been recommended.

We have included a section on international students. We are using the [College Factual](#) website for all pertinent data. The international student information is under the “Student Life” tab.

Finally, we wanted to let you know that this prayer guide was compiled with data from each school’s individual website, as well as the National Center for Education Statistics ([NCES](#)). We only included schools which offer at least an associate’s degree and have a student population of over 350.

Thank you once again, in advance, for investing time into this next generation. Only eternity will tell what we helped along and what we were able to hinder with our prayers.

Be Blessed,

Joe and Heidi Barrale

### **Mission Statement:**

“Divine Mercy University is an institution of higher education offering graduate degrees, continuing education and certificate programs globally. It is affiliated with the Legionaries of Christ. The University is dedicated to the renewal of the Catholic-Christian intellectual tradition and the integration of the theoretical and empirical bases of psychology, professional counseling and related fields, with a Catholic-Christian view of the human person through teaching and learning both knowledge and critical skills.

“The University provides students an appropriate academic and educational environment that supports the integration of science, scholarship and a Catholic-Christian understanding of the person through a rigorous, critical and objective search for truth. It assists students intellectually, humanly and professionally as they prepare themselves to respond to their vocation as mental health professionals or as men and women in helping professions. The University’s mission also involves dialogue about its integrative approach with practitioners, scholars and cultural leaders, nationally and internationally.”
